

Mini Post with Two Stand-off Fitting and Level Adjustment Screws

Product # 706SP0562205170

DESCRIPTION

Marine Grade Material

Designed to be used as a minipost for a handrail, this system supports glass panels. Made with marine grade 2205 stainless steel, it offers the best corrosion resistance for use in a variety of outdoor projects. These clamps are designed for surface installation of glass panels inside and outside around terraces and pools

ADVANTAGES AND BENEFITS

Can be attached to different substrates using the right anchors. Suitable for several thicknesses of glass. Excellent resistance to corrosion.

TECHNICAL SPECIFICATIONS

Product #	706SP0562205170
Type of Mounting	Floor Mount
Safety Glass Thickness	15/32 in*
Finish	Stainless Steel
Thickness	1 31/32 in*
Mounting Side	Reversible
Height	11 3/8 in*
Width	4 11/32 in*
Length	3 11/32 in*
Material	Stainless Steel: Duplex 2205
Glass Drilling	Not Required
Recommended Location Usage	Interior, Exterior, Coastal
Load Capacity for Two Brackets	Max. 159 lb*
Panel Height	Max. 47 1/4 in*
Panel Width	Max. 78 3/4 in*
Milling C/C	5 1/2 in*
Milling Diameter	7/16 in*

Disclaimer

Measures shown with an asterisk (*) have been converted as per your preference. These are not the official measures. To view the measures specified by the manufacturer, [click here](#).

APPLICATION

This system is used in several applications such as the perimeter of a terrace, balcony railing, as well as the wind screen around a swimming pool.

INCLUDED PRODUCT(S)

1 support system, 1 finishing plate and mounting hardware

IMPORTANT INFORMATION

Glass drilling required for use. Install the baluster minipost directly to the substrate, then install the trim at its base to hide the mounting screws. Install the spacer bases to the post, then insert the glass and finish the installation with the spacer caps.

DISCLAIMER

For safety purposes, use tempered glass. The use of power tools during installation may damage the hardware. The glass must be shaped according to the section plane provided in the box. Always set the product in a suitable material. Never exceed the load or maximum size recommended by the manufacturer. Never use a spray lubricant on this product. Maintenance: clean with a soft cloth and non-abrasive soap or ammonia. This illustration is provided for visual reference only. Actual product may differ from the illustration. Order hardware before starting the job. The manufacturer reserves the right to change product and information without notice. Always use the instructions inside the package. Drawings and technical documents contain examples of hardware from different manufacturers. The customer may in no case make a claim following the use of these documents. The Company disclaims any responsibility for the structural details related to a construction or project. Installation must be done by qualified personnel.
