

Self-Adhesive Polyurethane Bumper - 8.5mm x 2.2 mm

Product # BP0327011

DESCRIPTION

These bumpers are commonly used for sound dampening applications. The domed shaped bumpers work best for softening cabinet doors from slamming, reducing noise, and extending the life of the cabinets. Simply peel and stick the bumper foot to your required location. They can be used everywhere and the application possibilities are endless.

ADVANTAGES AND BENEFITS

- Easy "Peel-off" application - Pressure sensitive adhesive - Non-Staining, Non-Skidding, and Non-Marring - Superior Abrasion Resistance, Vibration and Shock Dampening

TECHNICAL SPECIFICATIONS

Product #	BP0327011
Diameter	0.335 in*
Thickness	0.0866 in*
Shape	Round, Cylindrical
Finish	Clear
Material	Polyurethane
