

90° Glass-to-Glass Pool Gate Latch

Product # PGLGG090170

DESCRIPTION

Suitable for several thicknesses of glass.

This stop is designed to stop the door when it reaches the windbreak. Ideal for making the corner junction between two glass panels in a pool area. The magnetic latch further secures the glass door lock.

ADVANTAGES AND BENEFITS

- Gives an exceptional clear view in exterior spaces - Ideal for use on pool gates - Weatherproof

TECHNICAL SPECIFICATIONS

Product #	PGLGG090170
Type of Mounting	Glass Mount
Safety Glass Thickness	13/32 to 15/32 in*
Finish	Stainless Steel
Height	3 15/16 in*
Width	2 3/4 in*
Length	4 11/32 in*
Material	Stainless Steel 316
Glass Drilling	Required
Recommended Door Width	Max. 39 3/8 in*
Recommended Location Usage	Interior, Exterior
Mounting Side	Reversible
Product Type	Bolt
Milling C/C	2 19/32 in*
Milling Diameter	5/8 in*

Disclaimer

APPLICATION

- Designed for all glass railing projects - Installation on two glass panels perpendicularly - Drilling of glass panels required for installation

INCLUDED PRODUCT(S)

1 90° glass-to-glass corner latch Mounting hardware

IMPORTANT INFORMATION

The use of a magnetic latch with a gravity closing hinge maximizes safety and reduces access to the water source. These components help prevent drowning, but do not replace close surveillance.

DISCLAIMER

This illustration is provided for visual reference only. Actual product may differ from the illustration. For safety purposes, use tempered glass. The glass must be shaped according to the section plane provided in the box. Always set the product in a suitable material. Never exceed the load or maximum size recommended by the manufacturer. Order hardware before starting the job. The manufacturer reserves the right to change product and information without notice. Always use the instructions inside the package.
