

## Kaiman Glass and Wood Wall Shelf Support

### Color/Finish

Chrome

Satin Nickel

### DESCRIPTION

#### Large loading capacity - Innovative Design!

Combined wall, bracket, and shelf support for glass and wood shelves.

### ADVANTAGES AND BENEFITS

- Capable of supporting a 25 kg load each (shelf weight included) for a shelf 320 mm deep. - Can be adjusted horizontally (up to 3 mm). - The removable upper part gives the support flexibility: glass shelf thickness goes from 7 mm to 19 mm, while you can install wood shelves from 18 mm to 41 mm thick. - Can be fixed to various materials: cement walls, plaster boards, wood panels, etc. - Its satin nickel finish will add a touch of elegance to your room. - Exclusive to Richelieu.
