## DESCRIPTION

### Curved flush elbow for handrail

Easy to use, high quality finish corner connector

This elbow is designed to connect two round tubes, which makes it possible to connect handrails to create a 90° corner.

With its curved elbow, it fits perfectly with all styles of balustrades ensuring a more discreet effect.

## ADVANTAGES AND BENEFITS

Ideal for architectural projects such as staircases and glass, cable or rod balustrades. Can also be used for bar counter footrest applications. Available in several sizes
