

Polaris Glass-to-Wall Self-Closing Hinge

Finish

DESCRIPTION

Self-closing

The Polaris Soft Close Hinge is a state-of the-art product ahead of its rivals in design, style, and safety.

Soft close, single action, and non-hold open with anti-foothold gasket.

Adjustable speed, opens 0° to 90° (outward).

Suitable for 10 mm to 12 mm glass.

Maximum gate weight of 99 lb (45 kg).

ADVANTAGES AND BENEFITS

- For outdoor and indoor frameless glass applications - Designed to meet the tough requirements of frameless glass pool fencing, making it suitable for use in all applications where glass doors or gates are required - Designed for chemical resistance, operation in wet environments, and to withstand constant outdoor use and harsh weather - Compatible with tempered glass - Uses spring and shock absorbers for a gentle close every time and from any position, whether fully or partially open
